Estill Springs News

(Special correspondence)

Estill Springs, Ky., July 11, 1910

"Do you know," drawled a malaria ridden and tired Paoliensis, "I think this spot should be called 'Peaceful Valley'."

It is needless to state there was a full chorus of affirmative in all the human gamut of emotion. It is—please bear real hard on the "Peaceful Valley."

For the past week, while "Zigzag" Phloxian has been trying to wash the inhabitants of the great old Common wealth off the face of the map, it is reserved for the Estillites alone to sit calmly back in the twenty-foot wide porches and observe the deluge.

We felt on last Saturday as if we had just sailed land after a calm and uneventful voyage—with the varandas encircling the hotel for our deck.

The most enthusiastic guests here are these same Southerners, who by the way, are the same old, glory growers who were written up in last week's Saturday Evening Post. They came from Stanford, Florida, and the "trembling glory of the mountains, in sunshine and in rain, are a source of never-failing happiness."

We are, in fact, in a miniature Swiss hamlet with the mountain streams swelling and flowing past the road at the edge of the grounds here in a rushing torrent. I don't know, I am sure, where or how the first season found this exquisite location—with the sulphur and ion well bubbling up no forty feet from the end of the North veranda.

Like all old places there are a number of legends told of the Springs. One is, that at the grave of an Indian if one repeats a certain couplet (this Indian was said to be buried alive) and asks a question the answer will be plainly heard.

Last Sunday a young woman and a young man stood over the mound and solemnly repeated the following couplet—after a few preliminaries not in the old version:

"Indian, Indian buried alive—"

"Tell me, shall I fall or thrive."

"You'll thrive alright if you pass your plate for children as often as you did for Fanny Week."

super tonight," came a laughing voice from the other side of a big oak tree, "Her little's copy is fast!"

He talked to the indignant backs of a pink dress and a white flannel suit—some people never know when to keep still.

The other legend is a snake story. There is, we hope never to personally verify this it is said, a very old snake which comes each evening for a long draught of the life giving sulphur water.

Therapeutics all agree that the water in the case of his snakebites, remarkable longevity, and they estimate his example by washing down each day with their little brown jug. O so, his snakebites is supposed to make his visit at the hour when grave yards yawn.

We are going to have a big german on Saturday night and a large Richmond crowd will arrive Saturday morning for the event.

There will be couples from all around the Springs for the occasion. Mr. John W. Hoffman and family and guest, Miss Louisa Starnes, of Chicago, will later take the cottage and remain in Estill till after the tennis tournament. The Springs will be crowded and those who are interested in the game should reserve rooms.

The Floridians who are here till September are: Mr. and Mrs. Pace, Mr. and Mrs. Harrison, Mrs. Hickens and Mr. Land, and maids, of Stanford, Florida.

Mr. and Mrs. J. R. Collins and family, of Knoxville, will spend several weeks beginning this week.

Mr. Harvey Kiddell, of Denver, Colorado, and two children will arrive the middle of the month and remain, as usual, till October.

Mr. Halston of Middleboro, spent the week out here.

Mrs. Henry Ensey and family and a party of friends from Louisville will come this week for the summer.

The Female Louisville Orchestra voted the best yet and the day of the male orchestra for the Springs is over. Every member in good looking and they remain in make things lively during Fanny Week.

Another Kentucky Club.

A communication from a friend brings us the information that there has been organized, in Wichita Falls, Texas, a Kentucky club with 65 members. The emblem of the club is a shaggy oaks and its motto: "As the sword, rusting in its scabbard, is an evidence of peace, so the shaggy oak is evidence of a typical of an advancing civilization."

The officers are: Dr. Lewisville, of Fayette county, president; H. W. Stoddy, of Barren county, vice president; W. O. Barlickman, of Jefferson county, secretary and R. A. Fairchild, of Floyd county, treasurer. Rev. J. Lapsley McKee, formerly pastor of the Second Presbyterian church in this city, is a member of the club and pastor of the First Presbyterian church of Wichita Falls. Dr. Wade H. Walker, formerly of this county, is also a member of the club.

The New Preacher.

SAV as a exchange. Recently the husband of a metropolitan paper was sent to report the sermon of a new minister, as the religious editor was ill. This is the copy he turned in:

"Quite a bunch was present, but Sunday evening at the church owing to the presence of a new star and the big of booters was anxious for a line on his work. Rev. — is certainly here with the goods and performed to the satisfaction of all present. Owing to the fact that this was his first appearance on the local grounds he was a little nervous the first lining. Encouraged by the coaches in the 'Amos' corner, he let himself loose and had the game well in hand from then on. His New Jerusalem show ball is a peach and when he turned loose on eternal punishment his speech was terrific. As this was his first work it is too early to try to predict a future for him, but if he can keep up the ball he has started with it him for the big league next season."

For Rent.

I desire to rent for the year 1911, my farm at Runyon Grove, six or eight acres, also in tobacco, about same in corn, balance in grass.

Eczema—A Germ Disease Can Now Be Cured.

The medical profession is all agreed that Eczema is a germ disease, but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zemo's, the clean, external treatment has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the disease. The whole method of treatment and cure by Zemo is explained in an interesting book on the subject, issued by the makers of Zemo. It tells how to cure yourself as of Eczema, Itchiness, Pimples, Psoriasis, and all diseases of the skin and scalp. Call at Perry's Drug Store for booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all diseases of the skin and scalp. If

THE REAL LIGHT.

We fully realize that if a great business is to be built up in any line, it must be built in the clear light of day, with clean hands and honest methods, open and above board. No great success endures long on mistakes or misrepresentations.

When a merchant begins to feel that he must apologize for his wares by making them appear what they are not, when he begins to tincture his goods with the flavor of deception, then lookout!

We believe that if an article is worth selling at all, it is worth selling for what it is, and we do not want the kind of merchandise in our house that needs an apology or that we can not sell under its true label. We ask that you inspect our materials. We invite comparison both in quality and price. Our stocks are just now replenished and we were never able to better supply your wants with clean, fresh summer merchandise.

We have some specials in Wash Suits we would like for you to see. Also some specials in Ladies' Skirts and Waists.

We are well supplied with Up-to-date Suits for Men and Boys, and can save you money, as we do not want to carry these goods to another season.

Our Carpet Department was never so brimming full of bargains as now. The Spring is late and if you are needing a Carpet or Rug, we can save you money.

We bought a "close out" line of Trunks, and have on hands more Trunks than you ever saw in Richmond. We are giving our patrons the benefit of these low prices on this.

*****ALL WE ASK IS A LOOK BEFORE YOU BUY.*****
